***Allowable Subject Matter***

Claims 22-50 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose a impedance cell in which electrodes within the mixing and collection chambers are configured to provide pulses by impedance determination for counting particles passing through the orifice as is claimed in independent claim 22 and 33. Claim 41 recites a similar feature of impedance determination of particles within the mixing chamber and collection chamber as well. As all remaining claims ultimately depend from one of the independent claims, they are deemed allowable for similar reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MARK SHABMAN whose telephone number is (571)270-3263. The examiner can normally be reached on M-F 8:00am - 4:30pm, EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hezron Williams can be reached on (571) 272-2208. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
